

8.5" x 14" Flyer Template

Full Bleed Size: 9 x 14.5

Trimmed Size: 8.5 x 14

SAFE AREA

MARGIN AREA

BLEED AREA

Safe Area - This is the area that you can always be assured will NOT be trimmed off. In most cases, all of your artwork should be confined to this area.

Margin Area - This .125" area is a warning area defining what potentially could be trimmed off. It is best to NOT include any primary artwork in this area.

Bleed Area - This .25" area is what will be trimmed off after the file is printed and cut down to finished size. If you have an image that you want to extend to the edge of the page, then the image should extend all the way through the bleed area.

Email Comics@LithoNinja.com if you have any questions to your template layout.
